

NATHITA SUWANNAPAN

Registered Nurse

About Me

Compassionate and motivated nursing graduate from Thammasat University (International Program), with 3+ years of hands-on clinical training in critical care, surgery, internal medicine, and emergency care. Experienced in managing complex cases in high-acuity environments and collaborating closely with multidisciplinary teams. Known for strong clinical judgment, effective communication, and a calm demeanor under pressure. Eager to contribute to a high-performing team in the Operating Room, Inpatient or Outpatient settings while continuing to grow professionally.

Experience

**Clinical Electives at MICU
and Private Medical - Surgical Ward**

Feb - Mar 2025

Thammasat University Hospital

- Delivered patient care in high-acuity MICU (1:1) and in medical - surgical unit, managing 3 - 5 patients per shift under supervision.
- Administered medication, monitored ventilators and EKG, performed wound care, chemotherapy prep, and ADLs for complex cases.
- Collaborated in interdisciplinary rounds and contributed to individualized care planning.
- Responded to emergency scenarios, honing critical thinking and rapid response.
- Strengthened communication with patients and families to promote understanding and trust.

Clinical Rotations

2022 - 2025

Thammasat University Hospital

- Rotated through 10+ departments including ER, ICU, internal medicine, OB-GYN, OPD, and pediatrics.
- Completed all procedures according to Nursing Council requirements, managed medication administration, pre/post-op care, IV therapy, delivered holistic care during palliative stages and patient education.
- Developed strong assessment skills and time management in fast-paced settings.
- Worked with teams to improve discharge planning, patient handoffs, and care continuity.

Student Volunteer

2020 - 2021

Interact Rotary Sponsored Club

- Volunteer in a variety of nonprofit initiatives through the Interact Rotary-Sponsored Club.
- Promoting environmental sustainability and social welfare.
- Coordinated events, collaborated with other organizations, managed teams, and assisted with budgeting and resource allocation.
