

Raksina Khuensiri

CAREER OBJECTIVE

To provide quality, safe, and standardized nursing care by applying experience from both IPD and OPD settings, with a strong commitment to compassionate service and effective collaboration within the multidisciplinary team.

WORK EXPERIENCE

Nurse Manager

DYM International Clinic / DYM Health Check Up Clinic
2023 - Present

- Manage staffing levels of nurses and nursing assistants (total 10 staff) to align with service demand and workload.
- Control procurement of medications and medical supplies by setting minimum stock levels to ensure cost efficiency and service continuity.
- Perform duties as an In-charge Nurse overseeing health check-up and OPD services in compliance with professional standards.
- Coordinate with medical equipment providers and laboratories to support efficient diagnostic and treatment services.
- Monitor the quality of nursing care, clinical procedures, and post-service documentation, contributing to reduced errors in line with KPI targets.

OPD Nurse

DYM International Clinic, 2021 - 2023

- Provided nursing care including blood collection, injections, vaccinations, and intravenous fluid administration in accordance with nursing standards.
- Assisted physicians in examinations and procedures (GP, Pediatrics, Dermatology) to support effective patient care.
- Managed and procured medications and medical supplies to ensure adequate availability for clinical services.
- Coordinated with interpreters and front desk staff to manage patient cases smoothly and efficiently.
- Prepared medication lists for dermatologists to support patient communication and reduce consultation time.

IPD Nurse

Rajavithi Hospital, 2015 - 2019

- Provided nursing care for patients in the radiotherapy ward, including chemotherapy, radiation therapy, and radioactive iodine treatment, following specialized nursing guidelines.
- Supported the team leader in data collection for a research study on mucositis in head and neck radiation therapy patients.

RELEVANT QUALIFICATIONS

- Detail-oriented with a strong focus on accuracy.
- Take ownership and follow tasks through to completion.
- Perform well under pressure while maintaining quality.
- Communicate clearly and work well with others.
- Open to continuous improvement and change.
- Manage time and priorities effectively.
- Maintain professionalism and work discipline.
- Adhere to ethical and professional nursing standards.
